ASIALANG 407/408
Third and Fourth Semester Indonesian
Classroom:

• [Redacted]

Description

Second Year Indonesian develops conversational and presentational skills on familiar topics with some unexpected complications. This level prepares students to use the language in organized ways and cope with various authentic texts. Advanced grammar and structure are taught and presented in real life contexts. As an important component of language learning, various aspects of Indonesian culture are integrated into the language instruction.

A range of language-learning activities is available in and out of the classroom. Indonesian is the language of instruction. Questions or concerns requiring the use of English will be addressed outside of class.

Delivery

The class will also be conducted both synchronously (in person) and asynchronously (via Canvas). Should this method of delivery change, you will be notified by the university and this syllabus will be updated. The course meets on Monday through Friday in [Redacted]

Canvas will be our preferred learning portal; it is crucial that you access your Canvas regularly. Canvas will be extensively used to post pre- and post-class assignments, additional readings and supplementary teaching materials, as well as to upload assignments. Students are required to check the course Canvas page daily.

Your teacher of record will lead the class most of the time during SEASSI. Language learners, however, need to have exposure to different speakers. Therefore, a different teacher may teach your class at times, starting in week 2. You will have a chance to meet and learn from both of the Indonesian teachers on our team.

Extracurricular Activities

The program also offers an Indonesian Conversation Table every Monday from 4:00 to 5:00PM CT at Memorial Union Terrace. If there are any changes in the place or schedule, we will notify you in advance. Please contact Bu Hany Noviya at [REDACTED], coordinator of Indonesian Conversation Table for further information.

We also plan to offer some Cultural Activities that are scheduled throughout the summer. More information about the activities will be announced later. Students are encouraged to participate in these opportunities.

Weekly Plan

Students will receive a weekly plan every Friday that details the schedule, lessons, and other information their class will cover in the following week.

Language Portfolio

As language learning is a lifetime venture, documenting the process is important. Students are encouraged to document their language learning progress. Your language portfolio documents your journey in this area. It allows you to follow your own progress, identify strengths and challenges, and adjust your learning goals.

Maintaining your language portfolio is mandatory for students in the Southeast Asian Flagship Language Initiative (SEAFLLI). For SEAFLLI, particularly, the language portfolio helps articulate what the students learn in the domestic segment prior to the overseas program. If you are not part of SEAFLLI and are interested in developing your own language portfolio, please meet with the Indonesian language coordinator, Sakti Suryani, during her office hours.

Classroom Conduct

Learning can be uncomfortable; embrace grappling with your thoughts. Communicate with us after class, during an appointment, in a written note, or over email when you feel uncomfortable about an event or discussion relevant to class.

The classroom should be a safe environment that encourages the participation of everyone. With this goal in mind, we can agree and disagree about ideas or views to our heart's content – that is the heart and soul of learning. We will not, however, tolerate personal attacks, or blatant sexist, racist, homophobic, or antagonistic language in the classroom. Do not insult each other or your instructor. Please respect one another's prior experiences and viewpoints.

WISLI Attendance Policy

Students may miss one class per semester without penalty; a second absence can result in a full grade deduction; three or more absences may lead to an additional grade reduction or automatic failure.

WISLI Tardiness Policy

Given the intensive nature of summer language classes, it is imperative to be ready to join class on time for both 2-hour sessions each day. To ensure a productive learning environment for all participants, WISLI defines repeated tardiness as the following:

- Three instances of tardiness will result in a warning. A fourth instance of tardiness will require a meeting with an Academic Director.
- Three instances of excessive tardiness (arriving more than 10 minutes late but less than 30) will be counted as an absence for one two-hour session.
- Repeated tardiness in excess of 30 minutes will then be subject to the WISLI absence policy. Continued tardiness or excessive tardiness may result in further penalty or dismissal.

WISLI understands that unforeseen circumstances can occur. Please communicate any tardiness or absences to the course instructor as soon as possible.

Diversity and Inclusion

Diversity is a source of strength, creativity, and innovation for the University of Wisconsin–Madison. We value the contributions of each person and respect the profound ways their identity, culture, background, experience, status, abilities, and opinion enrich the university community. We commit ourselves to the pursuit of excellence in teaching, research, outreach, and diversity as inextricably linked goals. The University of Wisconsin–Madison fulfills its public mission by creating a welcoming and inclusive community for people from every background – people who as students, faculty, and staff serve Wisconsin and the world (<https://diversity.wisc.edu/>)

Accessibility

We are committed to providing assistance to help you be successful on this course. Please let your classroom teacher and/or the Indonesian language coordinator know if you need any special accommodations in the curriculum, instruction, or assessments of this course during the beginning of the semester to enable you to participate fully. We will try to maintain the confidentiality of the information you share with us. Students with special needs are encouraged to contact the McBurney Disability Resource Center (<https://mcburney.wisc.edu/>), 905 University Avenue (263-2741), for information concerning campus disability-related policies and services.

Generative Artificial Intelligence

The use of artificial intelligence (AI) tools and applications (including, but not limited to, Copilot, DALL-E, and others) for course assignments and assessments does not support the learning objectives of this course and is prohibited. Using them in any way for this course is a violation of the course's expectations and will be addressed through UW–Madison's [academic misconduct policy](#), specifically UWS 14.03(1)b (b) Uses unauthorized materials or fabricated data in any academic exercise. *However, we may occasionally use AI tools for specific classroom or homework activities as directed by the instructor.*
